TUG 2005 Announcement and Call for Papers

TUG 2005 will be held in Wuhan, China during August 23–25, 2005. CTUG (Chinese TeX User Group) has committed to undertake the conference affairs, and now announces the call for papers.

Why go to China for TUG 2005?

For fun!

This is the first TUG conference to be held in China. Wuhan is close to the birthplace of Taoism and the Three Gorges Reservoir). China is also the birthplace of typography in ancient times, and is simply a very interesting place to go.

For keeping up with the community!

The TeX community in China has been growing over the years. China is one of the few countries in the world which has heavily applied free software (including TeX, GNU/Linux, and more) in industry. The rich human resources and the creative TeXackers have become a part of the engine driving the global TeX community. TUG'05 is a good opportunity to meet them.

For your future!

The growing market is ready to use your expertise. The large number of the libraries, publishing houses, and scientific organizations in China may become your customer, to apply and grow your expertise on TeX.
